Airport security has no qualms about chucking your favorite lotion or perfume if it's over the 3 oz. limit. The **Clear Bag System Puddle Jumper** (shown here in the kid-friendly frog, ladybugs, and bumble bee themes) eliminates the worry with easy to fill, leak-proof bottles and a clear regulation-sized bag to keep all your goodies in full view. (\$46.20 exclusively for *Babytalk* readers when you use the

code "CX5YKS19" at checkout on [clearbagsystem.com](http://clearbagsystem.com). This offer applies only to the Puddle Jumper travel kit and includes free personalization. Valid thru 12/19/08.)
