311 TRAVEL BAG KICKS OFF SUMMER WITH LUXURY TRAVEL BAGS

Launches Designs for Men, Women and Children to Carry Liquids and Gels Easily

(HealthNewsDigest.com) - PENSACOLA, FL, – As Summer Travel gets underway, 311 Travel Bag is introducing travelers to trendy and luxurious travel accessories with the completely redesigned Clear Bag System™ toiletry case, the perfect companion for travel and life on-the-go.

In an era of heightened security, air travelers seek secure, convenient and hassle-free check-in options. 311 Travel Bag's complete line of all-in-one solutions provides a pleasant travel experience for all. Under Transportation Security Administration and Transport Canada regulations, air travelers are only permitted to carry on liquids, gels and aerosols in containers weighing 3 oz. (100ml) or less, which must be enclosed in a clear, quart-sized (1L) zip-top bag. The Clear Bag System is confirmed compliant with all US and Canadian airport security regulations, ensuring a faster and easier checkpoint experience.

Fashioned after iconic aviation and travel names, the new collection includes: the Falcon, Puddle Jumper, Piper, Dreamliner and Voyager, all of which deliver stylish independence to weary travelers. Also joining the Clear Bag System collection are the newly redesigned Clear Bag System Fashion, Limited and Elite bags. Reminiscent of a bygone era of embarkations,, these whimsical additions showcase the adornments consumers are craving – eco-friendly components, a selection of attractive colors and embellishments, and features tailored for enhanced functionality and convenience on the road.

“We wanted to create a more robust line to allow travelers to mix and match to create a spectacular palette to accompany their global and everyday travels,” said Linda Padgett-Stinson, founder and president of 3-1-1 Travel Bag. “With the wide array of selections now available, travelers won't feel limited to flimsy and boorish options, making their packing effortless. We are excited to announce the expansion of our Clear Bag System collection.”

The Clear Bag System enables travelers to pamper themselves while waiting in airport terminals or while in-flight. Beyond flight, the bag's versatility and stylish appeal keep travelers going once they've arrived at their destination and returned home again. The wide variety of options is available in several different color options to match anyone's need for individuality and style. Many of the new bags feature bold colored silicone bands used to chicly identify shampoo, conditioners, moisturizers and other personal toiletry items.

All functions of the Clear Bag System cases are easily executed to fit neatly inside carry-on luggage without jeopardize space and comfort. Each Clear Bag System design includes an assortment of reusable airless containers, eliminating the need to purchase multiple “travel-sized” products and making the bag both economical and environmentally-friendly.

Available immediately, the newly redesigned and packaged Clear Bag System toiletry cases

range in price from \$39.99 to \$69.99.

The redesigned Clear Bag System Fashion, Limited and Elite and recently introduced Puddle Jumper are now joined by:

Clear Bag System Falcon

Created exclusively for men, this casual, yet sophisticated dark gray design can easily be carried from boardroom briefcase to weekend duffle and features black silicone bands to differentiate between this aviators shampoo, conditioner and after shave.

Clear Bag System Dreamliner

Making its fashion debut, this palatial tote boasts tear drop stones adorned from white satin stretch ribbon to meet the demands of aspiring travelers everywhere.

Clear Bag System Voyager

This vacation-ready gem arrives in sleek silver with round blue and green stones tied with ribbon to fashionably carry all the necessary precious potions.

Clear Bag System Piper

These polka-dot spotted pamper packs carry a more relaxed, bohemian feel in colors to match every wardrobe and luggage ensemble.

Additional jars and pumps are also available in an assortment of sizes starting at \$5.00. For more information, call 1-866-969-1740 or visit www.clearbagsystem.com.
