Summer necessities

July 3, 2008

You could board the plane with your mini-sized cosmetics crammed into a regular quart-size baggie. Or you could travel in style with your liquids and gels packaged in matching, refillable pump bottles and jars, all zipped into a smart Clear Bag System toiletry case. The latest painted-on designs include the Celebration (tux and gown, \$69.99) and the Puddle Jumper (frogs, bees, ladybugs, \$59.99). Additional bottles and jars start at \$4. All are regulation sizes and approved for use in the United States and Canada by the security authorities. To order, visit clearbaasystem.com or call  **1-866-969-1740** .
