### 3-1-1 Travel Bag Debuts Redesigned Clear Bag System™

**3-1-1 TRAVEL BAG** has redesigned and added new styles to its Clear Bag System™, a line of fashionable toiletry cases that comply with U.S. and Canadian airport security regulations.

Styled after iconic aviation and travel names, the new collection includes: the Falcon (for men), Puddle Jumper, Piper (polka dots), Dreamliner (teardrop-shape stones) and Voyager (silver with blue and green stones). Also joining the Clear Bag System™ collection are the newly redesigned Clear Bag System Fashion, Limited and Elite bags. Many of the new bags feature boldly colored silicone bands used to identify shampoo, conditioners, moisturizers and other personal care items.

Each Clear Bag System™ includes an assortment of reusable, airtight containers, eliminating the need to purchase multiple "travel-size" products. Available immediately, the newly redesigned and packaged Clear Bag System™ cases retail from \$39.99 to \$69.99.
